La forgiatura a caldo può generare leggere irregolarità e/o piccoli aloni chiari in prossimità dei decori, segni distintivi del processo di fusione ad alta temperatura che ne garantiscono l'artigianalità. Non possono quindi essere oggetto di contestazione.

Heat forging can generate slight irregularities and/or small white marks in the proximity of the decorations, distinguishing marks of the high-temperature fusion process that guarantee craftsmanship. They cannot therefore be contested.
